Mr. Solorio has been providing TPG Consulting excellent graphic design skills since 1999. Mr. Solorio brings to the firm his expertise in creative design for offset printing, digital printing and web site design. He uses state of the art graphics programs to create presentation boards and brochures, as well as graphic illustrations for reports and proposals.

Mr. Solorio is proficient in Mac and PC platforms, with expertise in a variety of applications such as the latest versions of the Adobe programs Acrobat, Illustrator, Pagemaker and Photoshop, as well as CorelDRAW, Macromedia Dreamweaver, PowerPoint and AutoCAD.

Mr. Solorio is responsible for all technical graphics for Traffic Impact Studies, Environmental Impact Reports and Project Study Reports. Mr. Solorio's productions range from small scale to large scale projects, including 67 graphic illustrations he recently created for two Environmental Impact Reports and associated Traffic Impact Studies for properties in Santa Maria.

Mr. Solorio has designed bus route brochures for transit services for both the City of Tulare and the City of Porterville, and is responsible for designing the yearly route maps used for publication in the Tulare County Transit Guide, for both agencies. In addition, Mr. Solorio's design experience includes designing commemorative beer labels for the City of Visalia/County of Tulare's Sesquicentennial (150th) Anniversary celebration.

Mr. Solorio has also been responsible for conducting traffic surveys for Traffic Impact Studies, as well as gathering signal timings, analyzing traffic data, and performing field data collection. He recently coordinated and performed traffic field studies, traffic counts and signal timing for several locations throughout Kings County, Tulare County, Fresno County, Madera County and Kern County.

Mr. Solorio's other duties include coordinating the creation of presentation materials for public meetings. He has completed PowerPoint presentations for several proposals and is presently responsible for the design and maintenance of the company Web site.
